

Home Energy Efficiency Programmes for Scotland: Area Based Schemes

Scott Cameron

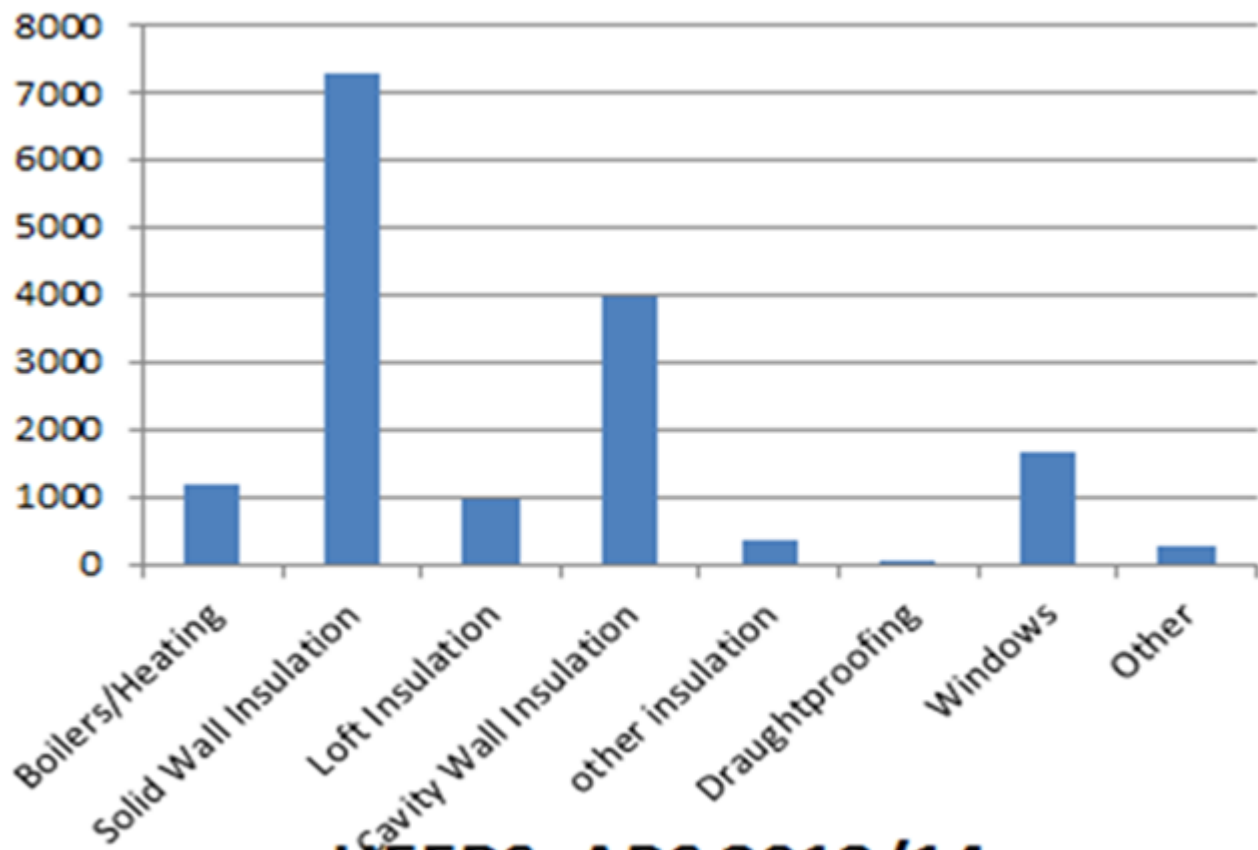

HEEPS: ABS

- Tackles **fuel poverty** by helping to cut energy bills (and boost local spending)
- Supports **jobs in local communities**: £50 million supports 650 full-time jobs – potentially dispersed right across Scotland
- **Regeneration** and urban renewal
- Physical and mental **health benefits**
- Carbon savings
- Economic growth
- Tackling inequality

HEEPS:ABS

- Established in 2013. Well known to councils.
- Numerous ABS schemes across Scotland currently delivering.
- Targets private sector properties but ideal for mixed tenure situations.
- Priority is EWI and HTT cavities

HEEPS: ABS 2013/14

SEEP

- New Challenge, for all of us
- Build on our achievements
- HEEPSABS element will be very familiar
