

## **SAAS Environmental Policy**

The Student Awards Agency for Scotland's (SAAS) Environmental Policy is to ensure that continuous environmental improvement is made by reducing the impact of our operations on the environment. Our actions will contribute to the achievement of the Scottish Government's National Outcome of reducing the local and global environmental impact of our consumption and production.

To achieve this we will:

- make a commitment to continuous environmental improvement and prevention of pollution;
- ensure that we comply with all relevant legislation and other requirements;
- purchase products and services having regard to their environmental impact;
- continue to implement a business system compliant with ISO 14001 to provide a framework for the setting and reviewing of targets and objectives and for facilitating continuous improvement;
- raise and maintain staff awareness of our policy; and
- make our policy available to the general public through our website.

A handwritten signature in black ink, appearing to read 'Tracey Slaven', is written in a cursive style.

**Tracey Slaven**  
CHIEF EXECUTIVE, SAAS
