Parliamentary Procedure

The Parliament's procedures are primarily governed by the Standing Orders. In addition, a number of volumes of guidance have been produced by the Clerking and Reporting Directorate to explain how key aspects of Parliamentary business operate in practice, by reference to relevant standing orders, determinations, conventions and practices. Although the guidance is aimed primarily at MSPs and clerks, it is also a useful reference source for anyone wishing to follow Parliamentary proceedings in detail.

More information on parliamentary procedure is available on our website at

<http://www.scottish.parliament.uk/parliamentarybusiness/parliamentary-procedure.aspx>

Below is an explanation of each type of document

Scottish Parliament Bills

A Bill is a draft law. Bills are either public - seeking to change the general law - or private - seeking powers for a particular individual or organisation that are in excess of or in conflict with the general law.

Public Bills can be introduced by a member of the Scottish Government (a “Government Bill”), a parliamentary committee (a “Committee Bill”), or an individual Member of Parliament (a “Member’s Bill”). Private Bills are introduced by the person seeking the powers provided for by the Bill.

A Bill is issued with accompanying documents. These can include, whether it is within the Parliament’s legislative competence (statement on legislative competence), an explanation of the Bill’s provisions (explanatory notes), the policy behind the Bill (policy memorandum) and estimates of the Bill’s administrative and other costs (financial memorandum). Accompanying documents are usually grouped for publication.

Bills are numbered sequentially within each session as they are published, in the following way – SP Bill 1, SP Bill 2 etc. Accompanying documents have the same numbering system as the bill they relate to but with the addition of an explanatory abbreviation, e.g. - SP Bill 1-EN (explanatory notes), SP Bill 1-PM (policy memorandum). Subsequent versions of the bill are numbered SP Bill 1A, SP Bill 1B etc. Each version of the bill has an addendum to the title describing what stage the bill is at - [As Introduced], [As Amended at Stage...], [As Passed].

More information on Bills can be found on our website at

<http://www.scottish.parliament.uk/parliamentarybusiness/bills.aspx>

Passage of Bills

This series brings together, in a single volume, all of the official parliamentary documents relating to the passage of a Public Bill that becomes an Act of the Scottish Parliament. A typical volume will include: every print of the Bill; the accompanying documents published with the “As Introduced” print of the Bill; every Marshalled list of amendments from Stages 2 and 3; every Groupings list from Stages 2 and 3; the lead committee’s Stage 1 Report; the Official Report of Stage 1 and Stage 3; the Official Report of Stage 2 committee consideration; the Minutes of relevant committee meetings and of the Parliament for Stages 1 and 3. All documents are reproduced in the original layout but with minor typographical and layout errors corrected. Extracts from the Official Report are reprinted as corrected. These volumes are numbered sequentially in the order of enactment (SPPB 1, SPPB 2, etc.). As of Session 3 they are published online only.

More information on Passage of Bills can be found on our website at

<http://www.scottish.parliament.uk/parliamentarybusiness/Bills/72402.aspx>

Legislative Consent Memorandums

Legislative Consent Memorandums are lodged in the Scottish Parliament by the Scottish Government. They relate to Bills under consideration in the United Kingdom Parliament (Westminster) which contains what are known as “relevant provisions”. These provisions could:

- change the law on a ‘devolved matter’ (an area of policy which Westminster devolved to the Scottish Parliament in the Scotland Act 1998); or
- alter the ‘legislative competence’ of the Scottish Parliament (its powers to make laws) or the ‘executive competence’ of Scottish Ministers (their powers to govern).

Under an agreement known as the “Sewel Convention”, Westminster will not pass Bills that contain relevant provisions without first obtaining the consent of the Scottish Parliament. The consent itself is given through a motion (a Legislative Consent Motion) which is taken in the Chamber – but the detailed scrutiny is undertaken by a Scottish Parliament committee on the basis of a memorandum. On occasion, a memorandum is lodged which invites the Parliament to note that the Scottish Government does not intend to lodge a legislative consent motion on a particular bill.

All LCMs are published in hard copy and on our website at:

<http://www.scottish.parliament.uk/parliamentarybusiness/bills/12420.aspx>

Parliamentary Papers

Most SP papers are reports of a Committee inquiry into a subject, e.g. subordinate legislation, or Bills of the Scottish Parliament. SP papers also include other publications produced by the Parliament, such as annual reports of the Scottish Parliamentary Corporate Body. Each document has the session and year on the front cover: Session 3 (2008). They are published with 2 numbering sequences:

1. SP Paper number – a unique number from a single sessional series – e.g. SP Paper 1 (Session 3).
2. Committee report number – reports are numbered sequentially within a calendar year and session - e.g. 1st Report, 2008 (Session 3). This number is also given on the first page of the report in a coded form, which includes a prefix for the committee – e.g. EE/S3/08/R5. Where a report splits into more than 1 volume, each volume retains the same SP Paper number and committee report number.

All committee reports are published in hard copy and on our website at

<http://www.scottish.parliament.uk/parliamentarybusiness/committees.aspx>

The Official Report is published in its original (uncorrected) version both in hard copy and on our website at

<http://www.scottish.parliament.uk/parliamentarybusiness/official-report.aspx>

It is published in volumes, each new volume covering a Parliamentary year, and numbered sequentially within the volume.
