Parliamentary Procedure

The Parliament's procedures are primarily governed by the Standing Orders. In addition, a number of volumes of guidance have been produced by the Clerking and Reporting Directorate to explain how key aspects of Parliamentary business operate in practice, by reference to relevant standing orders, determinations, conventions and practices. Although the guidance is aimed primarily at MSPs and clerks, it is also a useful reference source for anyone wishing to follow Parliamentary proceedings in detail.

More information on parliamentary procedure is available on our website at <http://www.scottish.parliament.uk/business/parliamentaryProcedure/index.htm>

Bills

A Bill is a draft law. Bills are either public - seeking to change the general law – or private – seeking powers for a particular individual or organisation that are in excess of or in conflict with the general law.

Public Bills can be introduced by a member of the Scottish Executive (an 'Executive Bill'), a parliamentary committee (a 'Committee Bill'), or an individual member of Parliament (a 'Member's Bill'). Private Bills are introduced by the person seeking the powers provided for by the Bill.

A Bill is issued with accompanying documents. These can include, whether it is within the Parliament's legislative competence (statement on legislative competence), an explanation of the Bill's provisions (explanatory notes), the policy behind the Bill (policy memorandum) and estimates of the Bill's administrative and other costs (financial memorandum). Accompanying documents are usually grouped for publication.

Bills are numbered sequentially within each session as they are published, in the following way - SP Bill 1, SP Bill 2 etc. Accompanying documents have the same numbering system as the bill they relate to but with the addition of an explanatory abbreviation, e.g. - SP Bill 1-EN (explanatory notes), SP Bill 1-PM (policy memorandum). Subsequent versions of the bill are numbered SP Bill 1A, SP Bill 1B etc. Each version of the bill has an addendum to the title describing what stage the bill is at - [As Introduced], [As Amended at Stage ...], [As Passed].

More information on Bills can be found on our website at <http://www.scottish.parliament.uk/business/bills/index.htm>

Passage of Bills

This series brings together, in a single volume, all of the official Parliamentary documents relating to the passage of a Public Bill that becomes an Act of the Scottish Parliament. A typical volume will include: every print of the Bill; the accompanying documents published with the "As Introduced" print of the Bill; every Marshalled list of amendments from Stages 2 and 3; every Groupings list from Stages 2 and 3; the lead committee's Stage 1 report; the Official Report of Stage 1 and Stage 3; the Official Report of Stage 2 committee consideration; the Minutes of relevant committee meetings and of the Parliament for Stages 1 and 3. All documents are printed in the original layout but with minor typographical and layout errors corrected. Extracts from the Official Report are reprinted as corrected. These volumes are numbered sequentially in the order of enactment (SPPB 1, SPPB 2, etc.). They are published in hard copy only.

There were no Bill Bound Volumes published in this period.

Legislative Consent Memorandums

Legislative Consent Memorandums are lodged in the Scottish Parliament by the Scottish Government. They relate to Bills under consideration in the United Kingdom Parliament (Westminster) which contains what are known as 'relevant provisions'. These provisions could:

- change the law on a 'devolved matter' (an area of policy which Westminster devolved to the Scottish Parliament in the Scotland Act 1998); or
- alter the 'legislative competence' of the Scottish Parliament (its powers to make laws) or the 'executive competence' of Scottish Ministers (their powers to govern).

Under an agreement known as the 'Sewel Convention', Westminster will not pass Bills that contain relevant provisions without first obtaining the consent of the Scottish Parliament. The consent itself is given through a motion (a Legislative Consent Motion) which is taken in the Chamber – but the detailed scrutiny is undertaken by a Scottish Parliament committee on the basis of a memorandum. On occasion, a memorandum is lodged which invites the Parliament to note that the Scottish Executive does not intend to lodge a legislative consent motion on a particular bill.

Parliamentary Papers

Most SP papers are reports of a Committee inquiry into a subject, e.g. subordinate legislation, or Bills of the Scottish Parliament. SP papers also include other publications produced by the Parliament, such as annual reports of the Scottish Parliamentary Corporate Body. Each document has the session and year on the front cover: (Session 3) (2008). They are published with 2 numbering sequences:

1. SP Paper number – a unique number from a single sessional series – e.g. SP Paper 1 ((Session 3)). In the case of committee reports, the Papers issued by a particular committee are grouped in the index.
2. Committee report number – reports are numbered sequentially within a calendar year and session - e.g. 1st Report, 2009 ((Session 3)). This number is also given on the first page of the report in a coded form, which includes a prefix for the committee – e.g. EE/S3/08/R5. Where a report splits into more than 1 volume, each volume retains the same SP Paper number and committee report number.

All committee reports are published in hard copy and on our website at <http://www.scottish.parliament.uk/business/committees/index.htm>

The prefixes for each committee are listed below:

Written Answers Report

This contains the questions asked by Members which were specified as requiring a written answer and the answers given by either a Minister or the Presiding Officer. Questions which were selected for an oral answer, but were not reached, are also included, together with their answers. (Questions which were given an oral answer can be found in the Official Report of the Meeting of the Parliament).

Written answers are initially available on a daily basis on our website, but the Written Answers Report is published as a weekly cumulation. Until 20 April 2001 it was arranged in volumes, and numbered sequentially within the volume, with the timing of the volume number determined by the number of written answers. Since 23 April 2001, each edition has been identified by the date-range it covers.

Official Report (Committee Proceedings)

The Official Report is the full and authoritative written report of proceedings of the Scottish Parliament and its committees. Committees consist of between five and fifteen MSPs, chaired by a convener, and are formed to deal with particular parliamentary business, such as inquiries into Scottish Government policies and actions, and detailed scrutiny of Bills.

All Official Reports have day, date and time of day on the front cover, e.g. Wednesday 10 September 2008. They are numbered sequentially by year.

Committee Official Reports are published in their original (uncorrected) version both in hard copy and on the committee pages of our website at

<http://www.scottish.parliament.uk/business/committees/index.htm>

The final corrected versions are available only on the website.

Committee minutes, agendas and accompanying papers are available on our website at

Many types of documents, such as financial reports or annual reports of public bodies, are required by legislation or otherwise to be so laid. Not all of these documents are published by RR Donnelley. To differentiate these items, non-RR Donnelley publications are marked by an asterisk. Statutory Instruments

Statutory Instruments are also known as delegated, secondary, or subordinate legislation. The primary legislation of the country is carried through the Parliament in the form of Bills. When passed these become Acts of the Parliament. An Act may confer powers on Ministers to introduce more detailed rules at a later stage, or it may specify details which may subsequently require amending. To allow this to be done without passing a new Bill, Ministers may make Scottish Statutory Instruments (SSIs). The Parliament also considers some Statutory Instruments (SIs) – i.e. instruments made by UK Ministers under powers in Acts of the UK Parliament.

There is a category of Statutory Instruments which is not formally published because they have a limited local effect. They are referred to as Local SIs or Unpublished SIs. They are differentiated by an asterisk. If you want more information about them please contact the Scottish Government Library and Information Service.

SSIs are available to members of the public in the National Library of Scotland.

This list is printed under the authority and superintendence of the Queen's Printer for Scotland.

For further information, contact your local library or the Scottish Parliament's Public Information Service.

In addition to public libraries, the following libraries, Glasgow Womens Library and Sabhal Mòr Ostaig, the Gaelic FE College in Skye, also offer access to Scottish Parliament Information.
