November
2020

Welcome to the Schedule Communications where you will find all our latest news and useful information.

Increased top-up payment effective 1 November 2020

A revised package of NHS financial support measures will be in place during the remobilisation of NHS dental services. This continues to recognise the reduced capacity for appointments due to infection control measures and physical distancing.

From 1 November to 28 February 2021, NHS dental contractors who are eligible to receive a top-up payment will receive an increase in that payment to 85 percent of their NHS gross item of service income based on an assessment period from 1 April 2019 to 31 March 2020. This increased top-up payment will be applied from the November paid December 2020 payment schedule to the February paid March schedule inclusive.

Please note that Practitioner Services will make this adjustment automatically and **there is no requirement on contractors to make an application to receive it.**

Office365 Migration

As part of the work after the Office365 migration, all colleagues registered with an regulatory body such as GDC must inform them of their new nhs.scot email addresses.

This is important to receive reminders to log-in to your accounts and will ensure you continue to receive emails after 18 December 2020 when emails to your nhs.net address will no longer be forwarded.
