

## Members' Room

The Members' Room is a versatile venue that boasts stunning views across Arthur's Seat. The flexibility within this venue means that it can be used for conferences, presentations, workshops and seated dinners.

Through the use of additional lighting and flowers, this blank canvas venue can be given a *WOW* factor look fit for a special event experience. The acoustics within the Members' Room are ideal for live musical performances to accompany a dinner as background ambience or as the main event.

The space within the Members' Room can be divided up into three smaller venues if required for break-out spaces.

Due to its versatility and the wide spectrum of uses, your Event Officer will be happy to discuss your specific event requirements for the Members' Room with you.

LAYOUT	CAPACITY
Theatre Style	170
Stage and audience	150
Workshop	120
